CRIMINAL CARELESSNESS

AT CROSSINGS.

A systematic investigation of the

be but a repetition of facts which have been brought to light through other investigations—but they gerve to help in showing why it is that the railoads of the country have instituted a new drive, to try to bring the motoring public to radiace the grave danger which hovers over the grave danger which hovers over the grave danger "And, around hun are grouped that grant-army talk with which every begand and expounded the men apon whom those thrust-off questions must fail. They all seem which hovers over the grade crossing, constantly.

"As long as there are drivers who will not cross crossings, cautiously, and whistness a reason of the same and all the miners are larged to motoring the motoring that grant-army talk with which every industry and raft surrounds itself, these two issues are like operators to grant us a national agreement or to southen agreement or to southen?

The issues the real take one issue are just the operator's to grant us a national agreement or to southen agreement or to southen.

The issues the real take of the potentions to grant us a national agreement or to southen agreement or to southen agreement or to southen agreement or to southen agreement or to southen?

Frankly I do not, at the bluminour operators the men, and expending the press since April 1. Stripped of all proposal to proposal to

roads is intended to impress motorists with the urgent necessity for care at these danger points. The safety drive is having some effect, it is believed, but in order to accomplish the best results automobile drivers much realize that they are morally and logally responsible for the safety of the passengers in their care. Neglect to exercise every prudent presonation for criminal negligence if they are otherwise unwilling to give serious thought, and attention to their plain duty.

Where the Difference Lies.

BOTH SIDES COAL STRIKE TYPIFIED BY THE LEADERS

Continued from Page One. Aliang these tew key men, the star of course, comes first.

Those who know him well, watch for roar if the speechmakers has died

down. Alsong these tew key men, the President, of course, comes first.
I dropped into his office in the Senate shortly after he was nominated. I really believe he thought at first that I came to get his promise of a job in exchange for my promise to see that he was elected. Refore he sand anything to une, be told Mr. Christian, his specific was that I must hear it.

thing to use, be told Mr. Christian, is secretary—so that I must hear it:

"Tell this fellow that we have to win an election before we can talk about giving away jobs."

Later, at Marion, I saw him just before a delegation was due to arrive, fito wanted to listen but he very much wanted me to hurry. So he said:
"Isn't it a shame, Gushing, that we can't alt down and talk these matters over like noighbors."

Over like noighbors."

decides,
The fourth man in the big picture is Samnol D. Warriner who generally is the specialist to eperators. Its is president of the Leadingh Coal & Navigation Company, which, except the Read ag, is the big-dest thing in the anth tette field.

When E. B. Thomas was president of the Lite infirmal and a factor in the anthactic head and when "Sam' warriner was combing steadily fato ordinence is that individually fato ordinence is that individually steadily fato ordinence is that individually steadily fato.

I hurried after that. A little later, at Marion, he called a lot of the gowspor men in, when it seemed sure he was to he observed and the new to he was to he observed and the more than the seemed sure he was to he observed and the more than the seemed sure he was to he observed and the more than was to be elected, and told them, as once nowspaper man talking to another:
If don't know what is the matter with the old world or how lo-set it all straight. But, I have a facinity for making men, who do know things, have the talking men, who do know things, and the face when the talking men and the property of the control of the con This biting wit was comple a clove; man's way of saying that Mr. Warmaking men, who do know things, seems to have been built tailier -physically as well a men ally than his built is the President's point of the president's point of the posture of stooping a little He is

vanz is the President's point of view. Shrewd, knowing, leisurely, neighborly, kindly and with a capacity to make men work for him. He does not know what is the trouble in forever, reinfags con of the Shakespercoal. He knows that he content in the characterization of Cassing that He long, impassive and (soughtful. He, forever, rendings you of the Shakesper-ing an characterization of Carsins that A systematic investigation of the habits of automobile drivers, when approaching grade rativoad crossings, conducted by the Baltimore & Ohio railroad during a long period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along period, has been devoloping into a court during along terrain on the pass only one during along the present during along the pass of the pass

precaution to "stor, look and listed" that he succeeds.

Next is the pleture). Jobn i, Lewis, the president of the miners union, long over crossings without even look. Except the President, he is the birst ing to see if a train is approaching in trains because the drivers had not them. A secretary invariant carries he constantly wonder no why so fow thom. A secretary invariant carries he constantly wonder no why so fow his bag. A statistician always trailled over the crossing. In scores of lineatuces attempts to beat the trains over the crossing rosulted in automobiles being struck by the train, infrown from the truck and lives lost or the occupants crippled for life.

"These facts," says the Latrobe Bulletin, "may not be now; they may be but a reposition of facts which have been brought to light through other to safety, throw off sit of them except the most remarkable ment I know. He has most remarkable ment I know. He has most remarkable ment I know. He has may characteristica of "Old Puzzle-lead" Sabre in "If With the Comes." He has the capacity to miderate at the work remarkable ment I know. He has most remarkable ment I know. He has may characteristica of "Old Puzzle-lead" Sabre in "If With the Comes." He has the capacity to miderate at the work of we constantly wonder no why so fow the constantly wonder no why so fow the constantly wonder no why so fow and jour go out with ns. The only and jour profession of the miners union. The fact is the profession of the form of the fact which has because the president of the most remarkable ment I know. He has the

which hovers over the grade crossing, constantly.

"As long as there are drivers who will not cross crossings cautiously, there will be fallities—and there is no other way out of it.

"As long as there are drivers who is such that there is no other way out of it.

"As long as there are drivers who rush toward a railroad, without even holding to see whether or not a train is approaching, there will be drivers, who will discover, too late to save themselves, that a train is approaching."

The "Cross Crossings Cautiousiy" approaching."

The "Cross Crossings Cautiousiy" campaign which its being conducted throughout the country by the railroads is intended to impress motorists with the urgent necessity for care of the country. The safety that the urgent necessity for care of the country, has but one outstanding and each of the sites of the sites."

The safety of the miners' lender.

Lowls is not fat; he is merely overplying many and the country by the railroads is intended to impress motorists with the urgent necessity for care of the country by the railroads. The safety is the anter-room is the country by the railroads is intended to impress motorists with the urgent necessity for care of the country by the railroads. The safety is the anter-room is the country by the railroads is intended to impress motorists with the urgent necessity for care of the country by the railroads. The safety is the anter-room is the country by the railroads without even in the report of the safety of the miners' lender.

Lowls is not fat; he is merely overply many for the intensity of the miners' lender.

Lowls is not fat; he is merely overply many for the intensity of the miners' lender.

Lowls is not fat; he is merely overply many for the intensity is any way of the clear than any head in the room or even among the reporters in the anter-room intensity the care is the country when they revised their constitution. This constitution states that the union wants to include within the union wants in include within the union wants in inclu

shaded corner—you are likely to find, if you know him. I fill Richards the first you know him. I fill Richards the president of the Phil delphin & Reading Code & Iron Company. He heads the one company which has been more before the public and the Supreme Court—chan any other American concern with the possibile exception of the Standard Oil Company. And yet, he would probably be the last man la the form that anyone would nound out as a most likely to be the president of the far-famed "antiruc-te-trust." In manner, and point of view, he is more like President Harding than anyone in the public eye. He is not exactly neighborly; he is fatherly. The is really not in this picture because he never will say anything. I drag him out of his sounding in the most of the read to get what the aggressive Mr. Lewis.

A third outstanding mass is W. Is

The PUTURE.

The second what motion to happent There is the agreement of the second for a deciman to the second for the most mortaing better the day's beat most mortaing better the says beat white motion and the second for the most mortaing better the says beat white motion and the second for the most mortaing better the says beat when the way.

Onward we trudge from youth of depth of the most in the same that and the motion and the said unit of the most in the same that and there will nake the matrix of the most and the same that and there will be a step toward of the most part that all uniter mitters will nake the matrix of the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and there will be contacted in the same that and the module same that the same that and the same that and the same that and there will be contacted the same th and then at the end of a three months in fancywork, anxious to earn extra money of home, spare hours, with strike, come out for a demand for "national parents of the contrast with the aggressive Mr. Lewis.

A third outstanding man is W. K. Field, the president of the Piltsburg of the new goal will be a step toward.

WANTED—LADIES EXPERIENCED in fancywork, anxious to earn extra money of home, spare hours, write insupplicately to Underwood Art Goods (to Poltsburg) of the new goal will be a step toward.

the shoulders. The latter are big.

Probably, he has as game, him and one there are big.

Probably, he has as game, him and one there are big.

Probably, he has as game, him and one there are the war profits in their pock.

Mr. Lewis but he keeps then cut close to the head. His lair in quite gray, the present scene night's curtain fally. These thians, however, are merely farmed and a three months' strike. The historian is a time months' strike. The historian is a three months' strike. The historian and a three months' strike. The historian is a strike at three months' strike. The historian appropriate and a three months' strike. T known way.

To see and learn and settle every 0: smiles, his whole face seems in anion through which they work. Of doubt doubt 1922 by Edgar A. Guest) and lips. He is distinctly likable at orators never have selected a spokes-

During the first six months of this year, the Paige-Detroit Motor Car Company manufactured and sold fifty per cent more automobiles than were produced during the entire year of 1921.

There could be no more substantial tribute to the worth and outstanding value of the Paige and the Jewett. Such a sales record proves conclusively that these two great motor cars have been accepted as leaders in their respective fields.

Church give a liwn fett on stounds of the clu h Thursday

"You don't know how often our thoughts will cross and that will be a great comfort to me sunctimes I am atroud There is a wid s rain on my mother's side and it is in me Papa knows it and he is wise—so wise—I am atroid I may continue do wise—I am afriid I may sometimes do something very foolled and it won to be me at all It will be somebody that died long ago She put both her hands over both his and held

them that
'I want you to make me a promise Anothing, said the boy buskit;
I want you to promise me that no matter when, bo matter where bo matter where bo matter where bot maind send for you will come." And Indian life he put his forchead on both her little hands.

I want you to make me a promise decid combittered against all Americans. He was hunleded and the from any Am rican troops futtier sail for the sect of givernment and could get no advice or help for per hands.

And those Indians named into Combine the contraction of the first contraction.

"Kiss me good by' She put her arms about his neck and for the first time in his life the boys lips met a vomans. For a moment she put her face against his and at his ear was

whisper 'Good by Frekine And she was gone-swiftly-leaving the box in a dizzy world of fulling stars through which a whire Hoht leaped to heights his soul had never dreamed Mis Charles Morals and children ne visiting it the hom of their grandmother in Hopwo

CHAPTER XIII

With the head of that column of stalwart backwoodsmen went Days
Yandell and Lyskine Dale A hunting this writing
The Shawnees heard their the stalk of the Presiyter in the stalk of the Pr coming through the woods and lying like snakes in the undergrowth prered out and saw them pass. Then they rose and Crooked Hightining looked at Bluck Welf and with a grunt of anor; satisfaction had the way homeword. And to the village they bere the rews that White Arrow had made good his word and side by side with the big chief of the Long Kniver was leading a war party against his tribe and kinsmon. And Early Mora car ried the news to her mother, who lay

ried the news to her mother, who lay sick in a wigwam.

The miracle went swiftly and Kas kaskia fell. Stealthily a cordon of hunters at inded the little town. The rest at it to the walls of the fort. Lights file cold from within the sounds of volles and dancing for tame through crevice and window. Clark's tail figure stole noiseless yin of the great hall where the Creoles were the great hall where the Creoles were making merry and leaned silently with folded arms against the diorpost lock in, on at the revels with a grave smile The light from the torches flickred across his face and an Indian lying on the door sprang to his feet with a cuiding war whoop. Women screamed and men rushed toward the door. The stranger stood molionless and his grin suite was unchanged.

Dance on ' he commanded courteousts but remember he adde! sternly you dance unde Virgin a and not Great Britain'.

There was a great noise behind the Men dashed into the fort and Roch? blave and his officers were prisoners. By daylight Clirk had the town disarmed. The I reach Clirk said next day could take the cath of allegh not to the republic or depart with their families in peace. As for their church he had nothing to do with any church save to protect it from insult. So that the people who had heard terrible starles of the wild woodsmen and who expected to be killed or made slives loyfully became Americans Pheveven gave Clark a valunteer company to murch with him upon Cahokia and that village too soon became american Father Gibault volunteered to go to Vincennes Vincennes guivered

WORLD LECTURER TO SPEAK ABOUT ETERNAL LIVING

A II MacMillan internationally known platform speaker and keer student of economic conditions will be ture at the Sols on Theatre on Su iday July 2 3 P M the title of its d dress will be Christ's Kingdom Nea-Villions Now Living Will Nevel

During his travels in the United States Canada Great Britain Cel many and various other parts of lu-rope Mr MacMillan it is stated form facts which brought him to the colclusion that the world need took for no rollef from its sufficient, so for as human agencies are concerned

He states from the platform that present conditions were accurately foretold by Jesus Christ and that the

where he is to speak. Reports are that in numerous instances where the crowd was so great that but half might be accommodated in the auditorium the speaker give his lecture dismiss ed one audience saw the ball refill with a second audience and lectured

again on the stat top : No admission fee is charged at the lecture and no collection faron. Local citizens arranging for the lecture me all to go early
